- Government certified teachers
- English language development specialists at every school
- Affordable Tuition
- Low cost of living, high quality education
- Culturally Diverse and Inclusive School Communities

## We offer...

- English and French Immersion at all grade levels
- Short and Long Term Programs
- International Baccalaureate and Advanced Placement Programs from grades 7 to 12
- Excellent Health Insurance
- Experienced Homestay Partner and Canadian family homestays

## We provide...

- Assistance with course selection and transferring credits
- Transcript Validation (on request)
- University and College application preparation and individual education counseling
- Support and translation in multiple languages
- Regular progress reports

Winnipeg School Division is the largest, most diverse school district in Manitoba, Canada. It is pleased to host international students from all over the world. Winnipeg's international education program offers short or long-term study experiences in English or French at all grade levels. It has low tuition fees and high quality education. Committed to diversity, equity and inclusion, the Winnipeg School Division experience is truly international. Winnipeg is located at North America's geographic center, and with international flights arriving daily, visiting parents, partner schools and agents can come and see for themselves!

All students are taught Manitoba Provincial curriculum by government certified teachers and English language development specialists.

International students may join anytime, and for as few as three months, but students who take courses towards graduation must start at the beginning of a semester.

The Canadian school year operates from September to June. Most high schools have two semesters:

- September to January
- February to June

High school students may earn course credits toward a Manitoba High School Diploma or a diploma at home. The Manitoba diploma is recognized around the world. Many graduates attend post-secondary education in Canada or abroad.

Many schools also offer specialized certificate or diploma programs where students complete graduation requirement courses while participating practical, real-world learning and work experiences.

# Choosing Winnipeg School Division

# Winnipeg School Division

## High Schools

Winnipeg School Division has 80 schools, including 12 high schools – 6 of which currently accept international students – offering both English and French immersion experiences.

Winnipeg's school communities have great success welcoming international and foreign students from all over the world, and Winnipeg teachers are experts at integrating language learning and academics.

Winnipeg School Division is not only an excellent and economical choice, but it is also 100% committed to student diversity, equity and inclusion. From application, to arrival, to attendance, Winnipeg's International Education Program provides excellent international student support.

# Churchill High School

## Pride and Tradition

As a UNESCO school, Churchill puts peace at the core of the school community by using the four pillars of learning: learning to know, learning to do, learning to be and learning to live together. In addition to academics,

Churchill also offers Industrial Arts, a strong Athletics Program and Performing Arts. Churchill is also home to The Churchill Hockey Academy for students in high level, competitive hockey.

## Collège Churchill Fierté et Tradition

Collège Churchill is a French Milieu school. It is the only linear (non-semestered school). All instruction is in French, all staff speak French, and the school administration is fully bilingual. The school shares a campus with Churchill High School, offering many of the same programs and clubs and sharing many of the same facilities.

Churchill High School

Grades 7-12

Enrollment:550

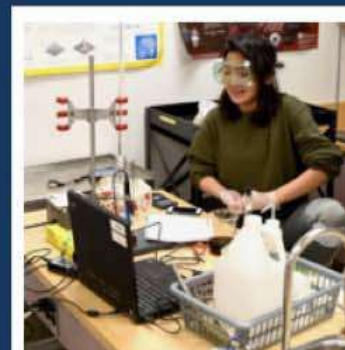

Churchill High School and College Churchill are located along the banks of the Red River. The school has a large athletic field and is located near rowing facilities and a beautiful river walk.

# Grant Park High School

## Commitment to Excellence

Grant Park High School values academics, visual and performing arts, physical fitness and athletics, and practical arts and technology education. Grant Park offers over a dozen extra-curricular activities. Most high school graduates go on to graduate from university. Annually, many students qualify as Advanced Placement National Scholars and have won Cambridge and Rhodes Scholarships. Athletic achievement is very important to Grant Park High School. Throughout its history, Grant Park has won over 300 city and provincial championships in a variety of sports.

## FRENCH IMMERSION

The French Immersion program at Kelvin is offered to students who have a solid foundation in French.

## INTERNATIONAL BACCALAUREATE (IB) PROGRAM

The IB programme is a universal, comprehensive and rigorous program of studies that prepares students for examinations administered worldwide in May of their graduating year. Students' achievement is recognized by universities throughout the world. Many universities grant first year credit for courses in which students have achieved a high level on their IB courses.

## TECHNICAL PROGRAMS

In addition to regular academics, international students may also take a full Technical Program (8 credits). These follow very specific curricula and students must complete required and optional technical courses as well as compulsory academic courses. To achieve designation in a Technical Program requires a multi-year commitment. With special permission, some *introductory courses* within the following Technical Programs may be taken by international students who are not enrolled in the Technical Program full time:

Advertising: Graphic Design  
Automotive Technology  
Aviation and Aerospace Technology  
Baking and Pastry Arts  
Broadcasting/Media Arts  
Carpentry  
Child Care  
Culinary Arts  
Dental Assisting  
Dental Technology  
Design Drafting  
Electrical Trades Technology  
Electronics  
Graphic Communications and Print Technology  
Innovative Manufacturing Technology  
Professional Photography  
Welding Technology  
Applied Commerce Education  
Information Technology

## OPTIONAL COURSES IN TECHNICAL PROGRAMS

These courses do not require a multi year commitment to a Technical Program:

Grade 10, 11, 12:  
Architectural Design Drafting  
Aviation Metal Fabrication  
CAD-CAM 3D Printing  
Cake Baking and Decorating  
Child Care Techniques  
Cinema as witness to Modern History  
Film Production  
Custom Clothing and Vehicle Wrap  
Intro to Restaurant Management  
Journalism and Composition  
Maker Space  
Metal Arts and Welding Fabrication  
Power Sports and Small Engine Repair  
Reclaimed Woodworking  
Beginning Robotics 1  
Intermediate Robotics 2  
Advanced Robotics Mechanical Design  
Snapshots to Social Media  
Theatre Technology and Production  
Sound Engineering/Hornet Studios

# Courses Available – Gordon Bell High School

## ESL - ENGLISH AS AN ADDITIONAL LANGUAGE

Gordon Bell's ESL Program (called English as an Additional Language) provides courses and opportunities for beginner English language students to gain sufficient English language skills to enter regular academic programs.

The EAL/ESL program provides formal and informal language learning experiences which enable students to develop language skills and understanding.

Some students receive specialized ESL programming for part of the day and attend other courses in the regular English program/classroom. Students:

- Develop the listening, speaking, reading, writing, viewing and representing skills necessary for success in school and social settings
- Develop an appreciation of their culture and the culture of others
- Integrate into the regular English program and other subject areas when advisable

## PEACEFUL VILLAGE

The Peaceful Village is a free afterschool program for Canadian newcomer youth (immigrants). It operates Monday to Friday for three hours after school to provide students with academic support, learning materials, snacks, and other engagement activities. The Peaceful Village also operates during school breaks, providing language-rich learning activities for young people. International students from any school in Winnipeg School Division are welcome to join.
