ELEMENTARY SCHOOLS

Delta has 24 elementary schools ready to welcome students between the ages of 5 and 12 in Kindergarten through Grade 7. With limited numbers of international students in elementary school, students have access to small ESL classes with personalized teacher attention and support. Students are fully immersed in an English-speaking environment and can learn English quickly.

Special Opportunities

Our elementary programs offer excellent school and extra-curricular opportunities where students aged 5 to 12 can join with Canadian students, make friends and have new experiences. These include:

- Sports such as basketball, volleyball and track & field
- Opportunities in the Fine Arts
- Service clubs
- Outdoor education opportunities for Grade 6 and 7 students such as camp and ski programs
- Special community, school and cultural events, such as Spring Carnivals, Science Fairs and Math Celebrations
- Enrichment programs in areas of Art, Writing, Math and STEM

Unique Elementary Programs

International Baccalaureate (IB) Primary Years Program – Offered at English Bluff, this program focuses on challenging, interdisciplinary tasks as well as a global perspective on learning.

Traditional Schools – Offered at Pebble Hill, Jarvis and Heath, these schools offer a more formal and structured learning environment for students, while still focusing on creating a warm and nurturing atmosphere for young children. Students wear uniforms at these schools and practice formal etiquette.

Supporting Parents and Children

Students as young as 10 years old can live with one of our specially selected Homestay families that are chosen because of the attention and care they give to our younger students. These children may also be under the custodianship of the Director of International Programs.

Students under the age of 10, as well as older students, may study in Delta while living with their parents.

Aside from the teachers and other school staff who care for students, our entire staff is here to ensure children and their parents are feeling comfortable, safe and supported.

Our Elementary Support Team includes:

- An International Coordinator who assists students in their adjustment to life in Canadian school and helps support children behaviourally, emotionally and academically
- Mandarin, Japanese, Korean, Portuguese, Spanish and Vietnamese-speaking Cultural Support Workers
- Orientations for students and their parents

Orientations

Students will typically participate in a pre-departure orientation via Zoom a few weeks before departure.

Once arrived, students attend school-based orientations to:

- assess their English level
- confirm their school schedules and courses
- learn about the structure and expectations of the school
- learn about the clubs, sports and other opportunities at each school
- meet their International Coordinator and our staff
- learn their way around the school

In September, there is a sightseeing and activity trip for our high school students where new international students can meet and mingle with other new international students and start making friends!

Smaller orientations happen at the beginning of every month so that students start their Canadian school experience in appropriate classes and feeling comfortable in a Canadian school environment.

University Planning

For all of our students, secondary school is just a stop on their educational journey. Every November we host a 'University Fair' for our international students to meet representatives from some of the top universities and post-secondary institutions across the country. International Coordinators help students prepare their questions about prerequisites, programs, entrance requirements, scholarships and much more.

Career Advisors in each school and International Programs Staff provide free individual guidance and assistance to graduating students with their post-secondary applications.

Monthly Sightseeing Activities

Organized and supervised by our staff, Delta offers monthly activities for high school international students across the district. Some of these may include:

- Canoeing, hiking, archery and other outdoor activities
- Ferry trip and day spent in Victoria, the capital city of British Columbia
- Skiing or snowboarding in Whistler
- Snowshoeing and tubing in the North Shore Mountains
- Outings to see local professional sporting events

...and so much more!

DID YOU KNOW?

Delta School District graduates have attended many prestigious universities all over the world including University of British Columbia, Queens University, McGill University, University of Waterloo, University of Toronto, Simon Fraser University, University of Victoria, Emily Carr University of Art & Design, Vancouver Film School, Kings College, Stanford University, Osaka University, Keio University, Meiji University, Western University, McMaster University, University of California (Berkeley), York University, University of Melbourne and so many more! Our students receive over \$100,000 of scholarship offers every year.

HOMESTAY

... living with a Canadian family

Live in a Canadian Home

Our Homestay Program is run by the Delta School District, not by a private business. International Programs' staff are committed to providing a safe, quality homestay for each student.

To find out how host families are reviewed and selected go here:
